

# Edhya DIURE

Equine dietary feed supplement - Liquid form

## RENAL FUNCTION SUPPORT

Edhya DIURE contains a concentrated core of plants with beneficial properties on the renal function and its integrity. It also helps to clear toxic waste formed by the body.

Artichoke is known for its beneficial and stimulant effects on urinary tracts. Sorbitol, Boldo and Milk Thistle help gall bladder activity (digestion).

### PURPOSE OF USE

- Chronic renal failure
- Elimination and recovery
- Event preparation
- Change of season
- Senior horses

**FEEDING INSTRUCTIONS** - Shake before use. Administer directly in daily feed or in mouth.

- **Adult horses:** 1 dose (50 ml) per day for 5 days, then 1 dose twice per week

Make sure drinking water is available at all times

Before use or before extending the period of use, it is recommended to seek the advice of your veterinary practice.

**ELIMINATION  
& RECOVERY**

V181220

### COMPOSITION
