

Edhya SUPER LYTE

Equine dietetic feed supplement - Liquid form

ELECTROLYTES - RECOVERY SUPPORT

Edhya SUPER LYTE has been formulated to compensate for the loss of electrolytes during heavy sweating.

Edhya SUPER LYTE also contains methionine known for its cholagogue action, promoting lipid utilization and fat breakdown in the liver.

The intake of vitamins C and E promotes muscle recovery.

PURPOSE OF USE

- Compensation for the loss of electrolytes in case of heavy sweating
- Effort recovery
- Transport
- Intensive effort
- High temperatures

FEEDING INSTRUCTIONS - Shake well before use. Administer directly in daily feed or drinking water.

Adult horses: 1 dose (50 ml) after effort, during 1 to 3 days

Make sure water is available at all times

Imperative: Ensure the horse drinks after exercise to control the concentration of salts in the body and allow assimilation (any intake on a non-hydrated horse will have no effect).

Before use or before extending the period of use, it is recommended to seek the advice of a veterinarian.

This is not a veterinary medicine which is subject to authorisation by HPRA & IMB.

**ELIMINATION
& RECOVERY**

V210608

COMPOSITION

Glycerin, sodium chloride, lactoserum, potassium chloride, monopotassium phosphate, magnesium sulfate, sorbitol, molasses, potassium sorbate

ANALYTICAL CONSTITUENTS

Moisture	55 %
Crude Protein	3,4 %
Crude fat	0,6%
Fibre	1 %
Ash	18,4 %
Phosphorus	0,3%
Chlorine	7,59 %
Sodium	4,5 %
Potassium	1,42 %
Magnesium	0,27 %
Calcium	0,26 %

ADDITIVES (Per Litre)

Amino Acids

DL-Methionine (3c301)	12 g/l
Glycine	12 g/l

Vitamins

Vitamin C (3a300)	3,84 g/l
Vitamin E (3a700)	1 000 UI/l

Thickening agents

Guar Gum (E412)	3 g/l
-----------------	-------

Aromatic substance

Vanilla milk flavor

STORAGE

Store in a cool dry place away from direct sunlight.

Close bottle tightly after use.

Use rapidly after opening.

PACKAGING

1L and 5L dispenser bottles

This is not a veterinary medicine which is subject to authorisation by HPRA & IMB
